

(9) community of Interest statement

The Haymarket exchange is located in northern Virginia serving approximately 15,200 customers. The Haymarket exchange is in the Virginia portion of the Washington, D.C. LATA and serves portions of Prince William, Fauquier and Loudoun Counties. The Calverton exchange is located to the south of the Haymarket exchange and serves a portion of Fauquier County. The Calverton exchange is in the Culpeper, Virginia LATA and serves approximately 2,900 customers. Interest is primarily from Calverton to Haymarket and is supported in the messages per main station data. Community of interest includes retail/shopping, education, medical, employment, recreation and personal/community. Calverton is a rural exchange with several small communities. These communities have facilities to meet their very basic needs. They look to nearby areas for their other needs. ELCS would enhance communications between parents and students located in the portion of the Haymarket exchange located in Fauquier County and the Fauquier County schools located in the Calverton exchange. The Haymarket exchange has two commerce centers; Haymarket and Gainesville. They are located north of Calverton and offer a variety of retail services, medical centers, banks, restaurants, variety stores, grocery stores, professional services and a lumber company. These same retail services also offer employment opportunities for the area including the Calverton exchange. Examples of area employers include the Century Stair Company and the Hayes Stair Company. The Haymarket exchange offers two major recreational facilities. The Conway Robinson State Forest offers a site for forestry research as well as out door recreational facilities. The Manassas National Battlefield Park is a major tourism site attracting Visitors from neighboring areas, including Calverton. The Haymarket area also has two golf courses that are used by neighboring communities. ELCS would meet community of interest needs stated above as well as enhance local communication between residents along the border between these two exchanges.

(10) Maps

Maps are attached for the Haymarket and Calverton exchanges.

(11) Other Pertinent Information

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia ~~State Corporation~~ Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. The SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion of their local calling areas. These plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (~~f/k/a~~ Bell Atlantic - Virginia, Inc.) and Verizon South (W a ~~GTE~~ South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that ~~are~~ in different LATA's. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Haymarket and Calverton.

(9) Community of Interest Statement

The Haymarket exchange is located in northern Virginia serving approximately 15,200 customers. The Haymarket exchange is in **the** Virginia portion of the Washington, D.C. **LATA** and **serves** portions of **Prince** William, Fauquier and Loudoun Counties. **The** Middleburg exchange is located to **the** northwest of the Haymarket exchange and serves portions of Loudoun and Fauquier Counties. The Middleburg exchange is in **the** Culpeper, Virginia LATA and serves approximately 3,700 customers. Community of interest between the exchanges is primarily shopping, employment, recreation, and personal/community. The town **of** Middleburg is the **commerce** center for the Middleburg exchange. It has a wide range of retail services, including restaurants and sites of historical interest. These businesses and equestrian related facilities offer employment to the area including the Haymarket exchange. The Haymarket exchange is located to the southeast of Middleburg with its primary communities being Haymarket and Gainesville. Like Middleburg, **these** communities offer a variety of retail services and employment opportunities for the area including the Middleburg exchange. The Haymarket exchange offers two major recreational facilities. The Conway Robinson State Forest offers a site for forestry research **as** well as outdoor recreational facilities. The Manassas National Battlefield Park is a major tourism site attracting visitors from neighboring areas such as Middleburg. ELCS would meet Community of interest **needs** stated above **as well as** enhance local communication between residents along the border between **Prince** William and Fauquier Counties.

(9) community of Interest Statement

The Haymarket exchange is located in northern Virginia serving approximately 15,200 customers. The Haymarket exchange is in the Virginia portion of the Washington, D.C. LATA and serves portions of Prince William, Fauquier and Loudoun Counties. The Plains exchange is located to the west of the Haymarket exchange and serves a portion of Fauquier County. The Plains exchange is in the Culpeper, Virginia LATA and serves approximately 1,100 customers. Community of interest is primarily from The Plains exchange to the Haymarket exchange. The small community of The Plains has a few businesses that provide basic needs for the area. They include a bank, pharmacy/medical supply, restaurant, convenience store/gas station, dentist and a few speciality shops. The closest commerce center for The Plains is Haymarket and Gainesville in the Haymarket exchange. The Haymarket exchange is located to the east of The Plains exchange and offers a variety of retail services medical centers, banks, restaurants, variety stores, grocery stores, professional services and a lumber company. These same retail services also offer employment opportunities for the area including The Plains exchange. Examples of area employers include the Century Stair Company and the Hayes Stair Company. The Haymarket exchange has two major recreational facilities. The Conway Robinson State Forest offers a site for forestry research as well as outdoor recreational facilities. The Manassas National Battlefield Park is a major tourism site attracting visitors from neighboring areas such as The Plains. The Haymarket area also has two golf courses that are used by neighboring communities. ELCS would meet community of interest needs stated above as well as enhance local communication between residents along the border between these two exchanges.

(10) Maps

Maps are attached for the Haymarket and The Plains exchanges.

Chronology

**On** May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of **Merger**. In that petition, both companies agreed, **upon** consummation of their merger, to expand local calling **areas** to include contiguous exchanges both **within** and between their respective territories in the Commonwealth of Virginia. **The** SCC, in its "Order Approving Petition" dated November 29, 1999, **in** Case No. PUC990100, found **this** commitment to be appropriate and **ordered** Bell Atlantic - Virginia, Inc. and **GTE** South Incorporated to **file** their plan for expansion of their local calling areas. **These** plans were filed with the SCC **on** July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (f/k/a Bell Atlantic - Virginia, Inc.) and Verizon South (f/k/a GTE **South** Incorporated) filed an Application to implement expanded local **calling** between **those** adjacent exchanges that are in different LATA's. For those exchanges whose basic rates **increase**, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. **On** May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the **route** between Haymarket and **The** Plains.

(9) community of Interest statement

The Haymarket exchange is located in northern Virginia serving approximately 15,200 customers. The Haymarket exchange is in the Virginia portion of the Washington, D.C. LATA and serves portions of Prince William, Fauquier and Loudoun Counties. The Warrenton exchange is located to the southwest of the Haymarket exchange and serves portions of Culpeper and Fauquier Counties. The Warrenton exchange is in the Culpeper, Virginia LATA and serves approximately 22,200 customers. Community of interest includes retail/shopping, education, medical, employment, recreation and personal/community. The town of Warrenton is the commerce center for the Warrenton exchange. It offers a large variety of retail shops, restaurants, grocery stores, automobile dealerships, and professional services for the area including the Haymarket exchange. Warrenton is the County Seat for Fauquier County. A portion of Fauquier County is in the Haymarket exchange. ELCS will allow those Haymarket customers to communicate with their county government offices on a local basis. Fauquier County customers in the Haymarket must place a toll call to reach their children's schools and the school administration. ELCS will greatly enhance communications between parents, teachers, students and school administrators. Major employers in the Middleburg exchange offer employment to the area including the Haymarket exchange. They include the Arlie Foundation, Command Technologies, CommTech Wireless, Fauquier Hospital and Imaging Acceptance Corporation. Warrenton offers a variety of medical specialists, nursing homes and a hospice care facility for the area. The Fauquier Hospital in Warrenton offers a 24-hour emergency room, intensive care, acute care and emergency air transport. The commerce centers for the Haymarket exchange are Haymarket and Gainesville. The Haymarket exchange is located to the east of Warrenton exchange and offers a variety of retail services medical centers, banks, restaurants, variety stores, grocery stores, professional services and a lumber company. These same retail services also offer employment opportunities for the area including the Warrenton exchange. Examples of major employers include the Century Stair Company and the Hayes Stair Company. The Haymarket exchange offers two major recreational facilities. (9) Community of Interest Statement

The King and Queen exchange is a rural exchange located in southeastern Virginia with approximately 1,900 access lines. The King and Queen exchange is located in the Richmond, Virginia LATA and serves a large portion of King and Queen County and a small portion of Gloucester County. The Toano exchange is south of and adjacent to the King and Queen exchange on Virginia's upper peninsula with approximately 4,700 lines. Toano is in the Norfolk, Virginia LATA. The primary community of interest between these exchanges is employment and retail. The Toano exchange has a number of retail outlets that draw shoppers from the entire peninsula area including the King and Queen exchange. Toano also has numerous industrial sites including Stonehouse Commercial Park and Hankins Industrial Park with businesses such as Owens-Brockway, BP Solar and the John Deere Gator assembly plant. These larger businesses plus the many smaller retail outlets and restaurants draw employees from the area including King and Queen. ELCS will enhance these community of interest needs through expanded local calling.

(9) Community of Interest Statement

The King and Queen exchange is a rural exchange located in southeastern Virginia with approximately 1,900 access ~~lines~~. The King and Queen exchange is located in the Richmond, Virginia LATA and serves a large portion of King and Queen County and a small portion of Gloucester County. The Williamsburg exchange is located on Virginia's upper peninsula with approximately 40,400 lines. Williamsburg is in the Norfolk, Virginia LATA. The areas of community of interest between these exchanges are employment, medical, recreational, educational and retail shopping. The Williamsburg exchange offers many employment opportunities for King and Queen and other nearby exchanges. Colonial Williamsburg and Busch Gardens are two major tourist attractions for the mid-Atlantic area. **These** attractions draw thousands of employees from the surrounding areas along with major industries including Anheuser Busch, Inc., Ball Corporation, Induplate, Inc., Busch Properties, Wal-Mart and the Williamsburg Pottery Factory. Support facilities for tourism such as hotels and restaurants use large numbers of employees as well. Beyond basic medical needs, King and Queen residents look to neighboring areas for specialized and acute medical care. The Williamsburg Community Hospital offers a full range of medical services including emergency care and area medical specialists offer acute and specialty care not available in King and Queen. The recreational activities at Busch Gardens and Colonial Williamsburg attract people from the area including King and Queen. Higher educational opportunities for King and Queen are available at the College of William and Mary in Williamsburg. There are hundreds of retail shops and factory outlets that attract shoppers from the surrounding communities including King and Queen. Also available are retail outlets for major purchases such as automobiles and home appliances. ELCS will enhance local Communications between these communities and meet community of interest needs.

(10) Maps

Maps are attached for the King and Queen, Toano and Williamsburg exchanges.

Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (f/k/a Bell Atlantic - Virginia, Inc.) and Verizon South (f/k/a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA's. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between King and Queen and Williamsburg.

(9) Community of Interest Statement

King George is a rural exchange located in north central Virginia serving a large portion of King George County and a small portion of Westmoreland County. King George is part of the Culpeper, Virginia LATA and serves approximately 6,800 customers. The Colonial Beach exchange, located to the east of the King George exchange, serves a portion of Westmoreland County and is in the Richmond, Virginia LATA with approximately 4,700 customers. Community of interest relates to employment, medical, education, personal/community and recreational. King George has several businesses offering employment to the area including Colonial Beach. They include Rowe Concrete, White Packing Company, Heritage Hall Nursing Home and Northern Neck Transfer. These businesses offer over 500 jobs to the area. The Colonial Beach resort area offers jobs related to tourism including food services, lodging, boating, fishing and other outdoor sports. The Heritage Hall Nursing Home in King George offers long term nursing care for area residents including Colonial Beach. King George exchange customers living in Westmoreland County cannot call their schools on a local basis. ELCS will greatly enhance communications between parents, teachers and students in this area. Colonial Beach is a well known resort town offering two miles of beaches, fishing pier, boating facilities and camping. These recreational facilities are available to the area residents including King George. ELCS will provide enhanced communications through local calling to residents along the border between these two exchanges including family, friends, churches and Community groups.

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include contiguous exchanges both within and between their **respective** territories in the Commonwealth of Virginia. The SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found this commitment to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE **South** Incorporated to file their plan for expansion of their local calling areas. **These** plans **were** filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia ( W a Bell Atlantic - Virginia, Inc.) and Verizon South ( W a GTE **South** Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA's. For those exchanges **whose** basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between King George and Colonial Beach.
